

1. Product and Company Identification	
---------------------------------------	--

Material name	HP Color LaserJet CC531A Cyan Print Cartridge
Use of the preparation	This product is a cyan toner preparation that is used in HP Color LaserJet CP2025 and CM2320 series printers.
Version #	01
Revision date	08-29-2008
Manufacturer information	Hewlett-Packard Company 11311 Chinden Boulevard Boise, ID 83714 USA (Direct) 1-503-494-7199 (Toll-free within the US) 1-800-457-4209
Hewlett-Packard health effects	s line
(Toll-free within the US)	1-800-457-4209
(Direct)	1-503-494-7199
General information telephone	e number
HP Customer Care Line	1-800-474-6836
(Toll-free)	1-800-474-6836
(Direct)	1-208-323-2551
Date prepared	Aug 28, 2008
MSDS number	308867
lazards Identification	
Acute health effects	
Skin contact	Unlikely to cause skin irritation.
Eye contact	May cause transient slight irritation
Inhalation	Minimal respiratory tract irritation may occur with exposure to large amounts of toner dust. Us of this product as intended does not result in inhalation of excessive amounts of dust.
Ingestion	Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.
Potential health effects	
Routes of exposure	Potential routes of exposure under normal use conditions are skin and eye contact; and inhalation
	Ingestion is not expected to be a primary route of exposure for this product under normal use conditions.
	Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this
Chronic health effects	product as intended does not result in inhalation of excessive amounts of dust.
Chronic health effects Carcinogenicity	

### 3. Composition / Information on Ingredients

Component/substance	CAS number	% by weight	
Styrene acrylate copolymer	Trade Secret	< 85	
Wax	Trade Secret	< 10	
Pigment	Trade Secret	< 6	
Amorphous silica	7631-86-9	< 2	

#### 4. First Aid Measures

First aid procedures	
Eye contact	Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) fo at least 15 minutes or until particles are removed. If irritation persists, consult a physician.
Skin contact	Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.
Inhalation	Move person to fresh air immediately. If irritation persists, consult a physician.
Ingestion	Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a physician.
5. Fire Fighting Measures	
Flash point and method	Not applicable
Hazardous combustion products	Carbon monoxide and carbon dioxide.
Flammable properties	Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.
Extinguishing media Suitable extinguishing media	CO2, water, or dry chemical
Unsuitable extinguishing media	None known.
Unusual fire and explosion hazard	Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.
Protection of firefighters	
Protective equipment and precautions for firefighters	If fire occurs in the printer, treat as an electrical fire.
Special firefighting procedures	None established.
6. Accidental Release Measures	
Personal precautions	Minimize dust generation and accumulation.
Environmental precautions	Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.
Environmental precautions Other information	
-	considerations. Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance
Other information	considerations. Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance
Other information 7. Handling and Storage	considerations. Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations. Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use
Other information 7. Handling and Storage Handling	considerations. Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations. Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames. Keep out of the reach of children. Keep tightly closed and dry. Store away from strong oxidizers. Store at room temperature.

### 9. Physical & Chemical Properties

Appearance	Fine powder
Color	Cyan
Odor	Slight plastic odor
Odor threshold	Not available.
Physical state	Not available.
Form	solid
рН	Not applicable
Melting point	Not available.
Freezing point	Not available.
Boiling point	Not applicable
Flash point	Not applicable
Evaporation rate	Not applicable
Flammability	Not available.
Flammability limits in air, upper, % by volume	Not available.
Flammability limits in air, lower, % by volume	Not flammable
Vapor pressure	Not applicable
Vapor density	Not applicable
Specific gravity	1 - 1.2 (H2O = 1)
Relative density	Not available.
Solubility in water	Negligible in water. Partially soluble in toluene and xylene.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not applicable
Decomposition temperature	Not available.
Softening point	176 - 266 °F (80 - 130 °C)
Viscosity	Not applicable

	•	•
	Chemical stability	Stable under normal storage conditions.
Conditions to avoid		Imaging Drum: Exposure to light
	Incompatible materials	Strong oxidizers
Hazardous decomposition products		
		Carbon monoxide and carbon dioxide.
	Possibility of hazardous reactions	Will not occur.
11	. Toxicological Information	
	Oral toxicity	LD50/oral/rat >2000 mg/kg; (OECD 401); Not harmful Not classified for acute oral toxicity according to EU Directive 67/548/EEC and 1999/45/EC.
	Inhalation toxicity	No information available.
		Not classified for acute inhalation toxicity according to EU Directive 67/548/EEC and 1999/45/EC.
	Eye irritation	Not classified as irritant, according to OSHA Hazard Communication Standard (HCS) and EU Directive 67/548/EEC and as amended.

invent			
Sensitization	Not classified as a sensitizer according to EU Directive 67/548/EEC and as amended, and OSHA HCS (US).		
Chronic toxicity	No information available.		
Carcinogenicity	Not a known or suspected carcinogen according to any IARC Monograph, NTP, OSHA Regulations (USA), EU Directive, or Proposition 65 (California).		
IARC Monographs on Occupational Amorphous silica (7631-86-9)	Exposures to Chemical Agents: Evidence of carcinogenicity in humans Inadequate data.		
Mutagenicity	Negative, does not indicate mutagenic potential (Ames Test: Salmonella typhimurium)		
Reproductive toxicity	Not classified as toxic according to EU Directive 67/548/EEC and as amended, California Prop. 65, and DFG (Germany).		
Symptoms and target organs			
NIOSH Pocket Guide - Target organ Amorphous silica (7631-86-9) Amorphous silica (7631-86-9) Amorphous silica (7631-86-9)	is Eyes Eyes, resp sys Respiratory system		
12. Ecological Information			
Persistence and degradability	Not available.		
13. Disposal Considerations			
Disposal instructions	Do not shred toner cartridge, unless dust-explosion prevention measures are taken. Finely dispersed particles may form explosive mixtures in air. Dispose of in compliance with federal, state, and local regulations.		
	HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle.		
14. Transport Information			
ΙΑΤΑ			
Not regulated as dangerous good	S.		
15. Regulatory Information			
US federal regulations	US EPA TSCA Inventory: All chemical substances in this product comply with all rules or orders under TSCA.		
CERCLA (Superfund) reportable None	e quantity		
Superfund Amendments and Re	eauthorization Act of 1986 (SARA)		
Hazard categories	Immediate Hazard - No Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No		
Section 302 extremely hazardous substance	No		
Section 311 hazardous chemical	No		
International regulations	All chemical substances in this HP product have been notified or are exempt from notification under chemical substances notification laws in the following countries: US (TSCA), EU (EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea, New Zealand, and China.		

#### 16. Other Information

HMIS® ratings	Health: 1 Flammability: 1 Physical hazard: 0
NFPA ratings	Health: 1 Flammability: 1 Instability: 0
